Why choose Footlogix Pediceuticals?

Footlogix Pediceuticals® is a revolutionary and innovative foot-care line formulated to provide effective, *transformational care* for a variety of skin conditions.

Today's knowledgeable technicians demand a product that is easy to use, cost effective and reputable but most importantly, a product that really works. *Footlogix Pediceuticals® provide all this... and much more!*

Today's educated clients seek results-oriented products. *Footlogix delivers amazing results... in as little as 24 hours!*

FEATURES AND BENEFITS:

- ✓ Footlogix Pediceuticals with Dermal Infusion Technology® (DIT) is a mousse based product line with European roots combined with North American innovation.
- ✓ Footlogix Pediceuticals are free of synthetic oils, enabling the mousse to penetrate the outer layers of the skin instantly, without greasy residue.

Footlogix Pediceuticals are:

- ✓ **Non-occlusive:** do not seal or impede the natural functions of the skin, thereby allowing it to transpire normally.
- ✓ **Non-greasy:** socks and shoes can be worn immediately after application, and will not break down compression hose. Simply apply and go!
- ✓ **Hygienic:** applicators have a sealed system that does not allow air into the container, enabling bacteria-free dispensing.
- ✓ **Effective:** protects damaged skin and for dryness.
- ✓ **Easy to apply:** products are rapidly absorbed, creating great user compliance.
- ✓ **Highly effective:** clients see fabulous results immediately and transformation in a few days.
- ✓ **Endorsed:** by leading Podiatrists globally.
- ✓ **Transformational:** Footlogix will elevate the results of your pedicures to where *“Medi meets Pedi®”*.

Customer Testimonials

"Fabulous Fast Results! I am shocked by the results of this wonderful product. Before I found Footlogix I spent SO much money on soaks, lotions, creams, oils and pedicures for dry feet. After using the products for 3 days, ALL the dry, itchy skin is gone. Thanks Footlogix!"

Debbie, TX

"Our technicians rely on Footlogix to effectively address our professional service needs as well as our guests' homecare needs. Footlogix easily became one of our top 10 selling product lines and remains in this position after many years."

Leisa D.
Director, BC

"This product is nothing short of a miracle. I have suffered with hard, peeling, cracking feet and ugly toenails for years - despite getting monthly pedicures. In 1 week's time - by soaking my feet twice a day and using the foam (WHICH I LOVE) - I have feet that "regular" people have. This is the BEST product I have ever purchased for my feet. THANK YOU FOOTLOGIX!"

Chandra, MD

"I like the fact that I am able to touch so many lives and now not only enhance the look of their hands but also the health of their feet, by recommending the proper Footlogix product."

- 3+ CRACKED HEEL FORMULA** This formula is proven to moisturize and heal extremely callused, thick, cracked skin. SIZE: 125 ml / 4.2 oz

DERMAL INFUSION TECHNOLOGY®

Dermal Infusion Technology is:

- The delivery system that carries the active ingredients past the Stratum Corneum into the layers of the epidermis, helping to restore the health of the epidermis.
- The technology which ensures that the Footlogix active ingredients penetrate into the layers of the epidermis and reach the targeted areas for truly transformational foot-care.

THE RESULTING BENEFIT TO THE SKIN OF THE FEET:

With no greasy outer layer to occlude it, the skin is hydrated and retains its ability to function normally, resulting in healthy, happy feet.

CLEANING SOLUTIONS with

- 7 PEELING SKIN FORMULA** This formula provides relief of peeling skin on the soles and itching between the toes.
SIZE: 125 ml / 4.2 oz
- 7+ ROUGH SKIN FORMULA** An effective moisturizer which provides effective relief from scaling and irritation of dry skin.
SIZE: 125 ml / 4.2 oz
- 7T NAIL TINCTURE SPRAY** This tincture cares for unsightly toenails and can also be used between the toes for peeling skin. The tincture contains avocado oil and Panthenol to restore a healthy shine.

This bio active micro algae extract is specifically designed to deliver optimal levels of cell protection, regeneration and collagen synthesis to the skin and nails on the feet.

Footlogix is endorsed by leading Podiatrists globally.

10 STEPS TO THE FOOTLOGIX PROFESSIONAL PEDICURE... “WHERE MEDI MEETS PEDI®”

- 1 CONSULT** - Have your client fill out the Footlogix Pedicure Information Form. This will identify any medical conditions or allergies and help you to understand your client's foot care needs. Spray Footlogix Shoe Deodorant (10) into client's shoes to refresh footwear for after the service.

- 2 EVALUATE** - Spray feet with Footlogix Foot Deodorant (9), remove polish and perform a thorough foot evaluation of the skin and nails. Note any unsightly nails or rough and peeling skin. Learn the Three R's with Footlogix: *Recognize, Recommend and Refer*.

- 3 PREPARE** - Add one pump of Footlogix Foot Soak (13) into a foot bath. Soak feet for 5 - 10 minutes (or less than 5 minutes if the client is diabetic). The Footlogix Foot Soak hydrates feet and softens calluses, making cuticle work and callus removal easier and less time consuming.

- 4 EXFOLIATE** - Remove feet from footbath and gently pat dry. Dispense one pump of Footlogix Exfoliating Seaweed Scrub (15) into palm of hand. Apply in a circular, upward motion onto the feet and up the legs. Add water to emulsify pedi scrub as desired. Rinse product off legs and feet, and pat dry.

- 5 APPLY** - Spray Footlogix Callus Softener (18) around toe nails and cuticles. Spray on the soles of the feet and liberally onto calluses and dry skin. Let absorb for 2-3 minutes. While the product is absorbing on the bottom of the feet, cut toenails and clean around nails in the groove, under the free edge and along cuticles.

Footlogix Pediceuticals® - incorporating the science of Dermal Infusion Technology® - are so efficacious that they elevate the standard pedicure to a *transformational pedicure*, yet are gentle enough for even the most sensitive spa client. Learn how to perform this comprehensive 10 step Footlogix Pedicure to rejuvenate, repair and moisturize the skin of the feet.

- 6 REPAIR** - Reapply a light mist of Callus Softener on the soles of the feet as required. Once the skin is no longer wet but slightly tacky, use the Footlogix professional foot file to reduce calluses and dry skin. It is not necessary to rinse the Callus Softener off, as it will continue hydrating with cumulative, long-term effects.

- 7 REJUVENATE** - Apply Footlogix Very Dry Skin Formula (3) or Footlogix DD Cream Mousse (1) to foot and massage the mousse into skin. Pay special attention to dry and callused areas and spaces between the toes.

- 8 MASSAGE** - Use two to three pumps of Footlogix Massage Formula (19) as the final pedicure step and massage into the feet and legs. The Massage Formula is non-greasy but has enough slip for a 5-7 minute massage.

- 9 BEAUTIFY** - If client desires, apply nail polish to toe nails. While it is drying, go over the recommended Footlogix foot care products the client should use at home.

- 10 PRESCRIBE** - Using the Footlogix At Home Care Pad, check off the recommended foot-care products to be used at home and instruct the client on how to use them. Any specific instructions may be written on the back of the form and given to the client, to conclude the Footlogix Professional Pedicure.
